Girls Softball in 2019: It is our goal to have 3 girls softball teams in Delhi again this year. At this point, the scheulde would be the same nights as the Little League. 2 games one week, 1 game and a practice the next week. Teams will be comprised of from girls 3rd to 6th grade.

Travel in 2019: At this point we are still trying to figure out a schedule. We have contacted Downsville, Franklin, Margaretville, and South Kortright. Our intent is to have one senior team and one junior team travel on game nights. It might not happen every week. We are planning on two senior teams and four junior teams. Utilizing this scenario, the junior teams might only have to travel once or possibly twice during the season. The goal is to have each senior team travel once a week (sticking to the Tuesday and Thursday game schedule). We anticipate the schedule will be complete around the time we start practice:
